

Funny Egg Fish

Ingredients:

- 4 hard boiled eggs, peeled
- 1 small red pepper
- 2 radishes, very thinly sliced
- 1 mini cucumber, very thinly sliced
- ¼ c low fat mayonnaises
- 2 black olives, pitted
- 1 c shredded lettuce

1. To make fish, cut small slice off one long side of each egg so that it will sit flat.
2. Cut four 1 inch V shapes from red pepper to make tails. Cut radishes and cucumbers slices into halves or quarters to resemble scales.
3. Using mayonnaise as glue, place cucumber and radish scales on each egg, covering back two-thirds and leaving space on narrow end for the face. Cut tiny cubes from black olives to make eyes and place on the face. Cut slit into opposite end of each egg and insert red pepper tail.

4. Surround eggs with shredded lettuce to resemble seaweed.

Basic method for hard-cooked eggs: Place cold eggs in single layer in saucepan. Cover with at least 1 inch cold water over top of eggs. Cover saucepan and bring water quickly to boil over high heat. Immediately remove pan from heat to stop boiling. Let eggs stand in water for 18-23 minutes. Drain water and immediately run cold water over eggs until cooled.
