

### New KidKare Infant Feature

KidKare has added a new feature to the infant “Enter Meals” section. When you enter the meal components for an infant’s meals or snacks, you will now see this.

If you leave the slider at “No”, there will only be a space to enter the infant’s breastmilk or formula. If you move the slider to “Yes”, spaces for you to enter the solid foods will appear.

By sliding the “Add solid foods” slider to “Yes”, you are indicating the infant is developmentally ready to receive solid foods.

If you have questions about feeding solid foods to infants, click on the picture or link below.

### Last Day of School

School will soon be out for the summer, and school age children will be in care for a.m. snack and lunch. Some school districts are done in May while others go well into June.

**ACA does not know the last day of school for the children in your care.**

To be correctly reimbursed for school age children’s a.m. snacks and lunches, you need to **mark school out in KidKare**. Not sure how to do that? Click on the link below for directions.

### Breakfast Black Beans With Eggs

- 2 large, boiled eggs
- 3 ¾ cups canned black beans, low sodium, drained
- ¾ cup petite cut canned tomatoes with onion & garlic
- ¼ cup water
- 1 tsp. ground cumin
- ½ tsp. salt
- ¼ cup fresh cilantro, chopped

Spray a nonstick skillet with nonstick cooking spray. Heat skillet on medium-high heat. Add beans, tomatoes with juice, water, cumin, and salt. Stir. Bring to a boil and reduce heat to medium. Simmer for 5 minutes. Heat to 140 °F or higher for at least 15 seconds. Peel and cut each egg into 3 pieces. Serve ½ cup bean mixture, ⅓ of an egg (1 piece) and chopped cilantro. Serve immediately or keep warm at 140 °F or higher.

**Yield:** 6 servings

**Crediting Information:** Each serving provides a meat alternate (½ oz eq) and a vegetable (½ cup), at breakfast for children 3-5 years.

**Note:** A meat/meat alternate may be served in place of the grain component at breakfast up to 3 times per week.
