

September 2024

E-Z menus are preplanned menus you can use as is or change to better accommodate the foods you typically serve. To use E-Z menus:

- 1) Print or view the menus found in the “Members Only” section of ACA’s website www.acainc.org
- 2) To select an E-Z menu in KidKare go to Enter Meal> Select meal. Click on the blue EZ near the top of the screen.
- 3) If you are making a change to the menu, use the dropdown arrows to the right of the meal component you are changing. Select the component you served. For example, if the E-Z menu show orange juice, but you served apple juice, you need to change the menu to indicate apple juice was served.
- 4) **Remember to use the whole grain slider to indicate when a whole grain-rich item is served.** Meal deduction will occur if a whole grain-rich food is not offered at least once per day.
- 5) Contact ACA with any questions.
